A UNITED FRONT.

It was once said by Lord McCalley, in reviewing the circumstances which united the different factions of Englishmen in driving James II. from his throne, that the concord by discord is always more powerful than the concord arising from apathy or peace. Distrust, wrangling and discord in the Republican ranks in Washoe county in years gone by, has given the enemy an opportunity to win victories which, otherwise, they never could have accomplished. Republicans have not failed to observe this fact. The party is now united, and it may be, after all, that the concord which now prevails will exert more power than if the dissensions had never existed. A careful survey of the field has led to the conclusion that upon a full vote Washoe county is Republican by at least 150 majority. The Republican ticket, State and county, is composed of gentlemen about whose public or private character no word of reproach can be truthfully uttered by any one, and the solid front presented by Republicans at this time is an assurance of victory.

EDITORIAL NOTES.

In view of the possibility that the selection of a United State Senator to succeed Hon. J. P. Jones may devolve upon the next Legislature, the importance of the Republicans standing by candidates for the Senate and Assembly is manifest. Mr. Jones is prominently mentioned as the successor to Secretary of the Treasury Folger. In the event of Mr. Jones entering the Cabinet, it is essential that a Republican should be sent in his place. Let every Republican do his duty. There will be no votes to spare.

The San Francisco Post, speaking as one having authority, denies the truth of the report that Senator Jones is to succeed Folger as Secretary of the Treasury. He regards the position of Senator of a sovereign State as higher in dignity than what he is pleased to call a clerk to the President. He considers a Cabinet appointment as simply an aid to the Executive in administering his office duties, and places the Senatorial rank recognized by the Constitution as far transcending in importance the Secretaryship of a Department.

There is nothing thus far to indicate that there is any justification for the Democratic boast and hope that the next Congress will be Democratic. In the elections thus far held the Democrats have gained but four Congressmen. They gained eight in Ohio, while the Republicans gained two in West Virginia and two in Maine. A gain of four Congressmen is nothing to brag on considering the large membership of the House.

Rev. Thomas, Guard died in Baltimore on Sunday. The death of this man is a great loss to the Methodist Church. Compared with such pulpits as Talmage he was an intellectual giant. As an orator and a wizard of the English language he had but one superior, and that one is Col. Robert G. Ingersoll.

Henry George is now in New York and is the lion of the hour. He has been tendered a reception by the Labor Union, and will also be banqueting at Delmonico's by prominent merchants and professional men. Eight hours imprisonment in an English prison was a lucky thing for George.

Josh Billings, as a paragrapher, has formulated as many good sayings as any paragrapher in America, and none better than the following: "A man's reputation once broken may be repaired, but the world will always keep its eyes on the spot where the crack was?"

Some of the Treasury Department clerks in Washington are in great indignation because they are not to be allowed to smoke and read newspapers during office hours. Probably they have been under the mistaken impression that the Department was a kind of fashionable club-house.

An anxious inquirer is informed that Jewett Adams is somewhere out among the corrals in the eastern part of the State. It is true that "Old Oleomargarine" had a bad cold at last accounts and was unable to speak, but he was still delivering his smile with great effect.

The remains of Fanny Parnell will arrive in New York to-day. An escort numbering 10,000 persons will receive the cortege at the ferry. The remains are to be taken to Boston.

The Republican speakers are meeting with encouragement all over the State, and are doing good work for the party. From every direction comes cheering advice. "We've got 'em."

Some of the most effective campaign speeches for the Michigan Republican ticket are being delivered by a woman—Mrs. Hazlett, of Detroit.

FLASHES.

The Union Railroad Company of Indianapolis has secured a lease of the belt line for nearly 1,000 years.

The wife of President Gonzales, of Mexico, has arrived in Chicago, to prosecute her studies in medicine and surgery.

The Egyptian Ministry have informed Rivers Wilson that permission to Armbi to employ foreign counsel is refused.

A tailor named Peter P. Calender, a native of Sweden, aged 48 years, committed suicide in San Francisco, Tuesday. Financial troubles were the cause.

The Hebrew Immigrant Aid Society of New York has decided to notify the London, Paris and Berlin associations not to forward any more refugees to this country.

A mock philanthropist has been sent to prison for a year from Englewood, Ill. He has run an institution for feeble minded children without any children, but with profit to himself.

It is believed in official circles that proof of Arabi Pasha's complicity in the June massacres at Alexandria will not be obtainable. It is claimed that Ninet, the Swiss, can prove that many Bedouins were shot at Arabi's orders for looting.

In the Cook county Court, Chicago, in some condemnation proceedings brought by the West Park Commissioners, Levi P. Morton, Minister to France, was awarded \$2,250 per acre for a strip running from Douglas Park to Twenty-second street.

George Scoville has filed in the Cook county Court, Chicago, an affidavit that his wife is insane, and asking that proceedings may be instituted to determine the question. Not having the \$6 to pay the fees required, he swore that he and the patient were paupers.

The following notice was posted at a negro ball at Carlisle, Ky.: "No white persons allowed to dance." Martin Murphy defiantly waltzed with a black belle, and shot Nick Hathaway, a floor manager, who interfered. Promiscuous firing ensued, and four men were wounded.

In a charge the other day Judge Brill of Ramsey county, Minn., instructed the jury to investigate a recent settlement between the New York Life Insurance Company and its late agent, I. F. A. Studdard, for the purpose of ascertaining whether a felony had been compounded.

The political riot in Lancaster, S. C., has caused so much alarm that the Governor has been begged to organize a military company there, and the petition has been referred to the Adjutant-General, who has taken steps to secure the proper organization and equipment of a company as soon as it can be done.

Mrs. John Buster, who, although eighty years of age, became a doting bride some two years ago, has been arrested at Greensburg, Pa., on a charge of bigamy preferred by her husband. He claims that she has three or four husbands living, and as he did not know it until after his marriage to her, he wants a divorce.

P. T. Barnum has given large burial lots in Mountain Grove Cemetery, Bridgeport, Conn., to the firemen and the Grand Army of the Republic of that city, having declined to lecture for the raising of a fund for that purpose, on the ground that he had frequently told the Bridgeport people all he knew.

Under a new rule of the Massachusetts State Prison, convicts are permitted to elect whether or not they shall be shaved. Among those who have availed themselves of the privilege of growing beards are Stickney, the Fall River defaulter, and Lucius W. Pond of Worcester, also a defaulter, who before their incarceration wore no such adornment.

Last Tuesday Miss Estelle Wrisley, of Decatur, Ill., died suddenly under somewhat suspicious circumstances. The body was exhumed and a post mortem examination developed the fact that an abortion had been produced. Dr. J. D. Wheeler, the family physician, was arrested, and the Coroner's verdict is to the effect that he caused the girl's death.

In the American Board of Foreign Missions at Portland, Rev. Dr. Alden announced a financial crisis which scarcely admitted of hope. William E. Dodge electrified the assemblage by offering to double his subscription, an example which was instantly followed by a dozen gifts of \$1,000 each. A touching appeal by Dr. Webb of Boston, caused fifteen hundred men and women to rise to their feet simultaneously and pledge twice the sum they had previously offered, the total amount secured being \$50,000.

TOWN AND COUNTY.

BREVITIES

Three more days in which to register. Get in or get left.

Six inches of snow fell on the Summit on the night of the 14th.

Joseph Douglass, nephew of J. H. Douglass, of Virginia, is stopping in town.

Register your name with Justice Young before six o'clock Friday night, or forfeit your right to vote.

Yesterday and to-day have been fine in point of mildness of weather. The new moon is getting her work in.

If you want to know why Joe Long is looking so good-natured, look at the announcement under the head of born. Registration throughout the State, as well as in this county, shows that the vote this year is going to be quite tight.

Mrs. Fisher, of Reno, the heroine of the recent romantic marriage at Lake Tahoe, is visiting Miss Nellie Clarke, at Carson.

Hon. C. S. Varian and other local speakers will address the people of Reno Friday, October 20th, at the Nevada Theater.

The weather yesterday was almost as warm as summer, and the chances are that we are yet to have a month or more of pleasant weather.

The funeral of the late Jacob Watson will take place this afternoon at 2 o'clock from the Episcopal Church. Friends and acquaintances are requested to attend.

The Republican says a man cannot throw a rock in the streets of Truckee without hitting a candidate for a township office, and the rock might carom on three or four more.

News was received from Virginia last evening that Matt Canavan was suddenly stricken with paralysis yesterday and his physicians had given up all hopes of his recovery.

The term of office of Hon. C. S. Varian, as District Attorney for Nevada, expired Saturday, and it is understood that Mr. Varian sent in his resignation previous to the expiration of his term.

The comet still shows up grandly. It now makes its appearance above the horizon about 3 o'clock in the morning. Those who wish to see it "bust" must be up to-morrow morning at 3:30 sharp.

According to the Sierra Valley Leader the largest deer of the season was shot last week by Henry Hines. It weighed 200 pounds, dressed. Will Freeman also killed one which dressed nearly that.

Early Monday morning in Carson, Geo. Droust, a French Canadian, was stabbed by an Italian with a stiletto. One wound is over the navel, and the other on the thigh. Dr. Kearney does not consider the wound fatal. A too free use of alcoholic spirits led to the difficulty.

William Edwards, a native of Wales, aged 66 years, for more than five years an inmate of the Storey county hospital was found dead Saturday morning, near the road leading from the hospital to the city. He had gone down to the city to get registered and on returning missed his way and perished before he could be found.

We would call the attention of the ladies who read this morning's JOURNAL to the new advertisement of Jamison & Co. They are bound to keep pace with all the new styles in ladies' goods, and by referring to their announcement elsewhere people can see that their prices are as low as the lowest.

A shipment of goods consigned to a merchant doing business at Nelson, Cal., and marked "Care Earl & Co., Reno," is now at the depot, and Bob Ash, the shipping agent, is puzzled to know how to send the goods to Nelson without shipping them back over the road to Marysville. Nelson is twelve miles from Marysville and nearly two hundred from Reno.

A Useful Hint to Certain Young People.

A good many girls acquire the habit of parading the streets before they comprehend how objectionable it is. Their motive at first is simply amusement; afterwards they like thus to draw upon themselves the notice of others. But notice so attracted is seldom, if ever, respectful, and the young man who will look admiringly at the girls he meets under such circumstances will probably rejoice in his own heart that his sister is not among them. There is too much of this sort of thing in Nevada towns, especially along the line of the railroad, where the depot platforms afford such a convenient place for promenading and flirting. Mothers and fathers should check the growing evil in time.

Justice at Lightning Express Speed.

A few weeks ago, it will be remembered, two men, named James McManus and Joseph Williams, burglarized the premises of Chas. Becker, on Commercial Row. McManus also entered Nahon's house and stole a clock and pair of blankets. The pair were indicted last Wednesday by the Grand Jury and on Thursday were tried in the District Court, and waiving delay of sentence, were respectively sentenced to two and three years' confinement in the State Prison. At 2 p. m. of the same day they were taken on the train to Carson and lodged in the penitentiary. This is one of the most prominent examples of crime and swift trial and punishment ever occurring in the State, and undoubtedly will prove an excellent warning to would-be law-breakers. These two men make the total of thirty-seven whom George Avery has traced out and caused to be sent to the State Prison. They were apprehended in the first instance solely through his vigilance and were lodged in jail and the stolen property recovered several hours before the robberies were discovered. George declares it is his intention to roll up his number of State Prison birds to forty before his term of office closes. Already his number of penitentiary convictions is unprecedented in the State, no single officer making as many. Ben Lackey comes next.

The Shoe Swindler Heard From.

A dispatch from Truckee says that some days ago a gentlemanly looking young man, giving the name of Johnson, made his appearance in that town and began visiting the first ladies of the place, representing himself to be the agent of a large boot and shoe manufacturing establishment in Chicago, and desiring them to give him their orders for shoes, at the same time demanding the greater part of the price in advance. For two days his pursuit proved very lucrative, but the indecent liberties he resorted to while taking the measurements for shoes and leather leggings, and the suspicious demands he made relative to the advance money, compelled him to suddenly leave. Upon inquiry by letter to the Chicago firm it is now ascertained that no such man is employed by them, and that he has swindled parties in quite a number of the larger towns in the State upon the same representations. He left Truckee with several hundred dollars of the people's money and started toward Sacramento.

Remored Change of Schedule.

For some time past the N. & O. R. R. Co. have been running daily trains between Reno and the Junction and carrying the mails, Sundays only excepted. It is rumored that before the first of next month a change will be made in the schedule, so that a daily train will also run on Sunday. The powerful new twenty-ton engine will shortly arrive and it is anticipated will carry the daily mails, freight and passengers. Mr. W. F. Berry went over the road on a trip up north a few days ago and on his return reported himself delighted at the prospects of the line in that section. The business men of Reno have stuck to the enterprise through thick and thin, and now it is a pleasure to hear the screech of the little Santa Cruz as she brings in freight and passengers every evening.

Our Next District Attorney.

"The True Discern" notes with pleasure the fact that John F. Alexander, a young man of sterling character and undoubted ability, has been nominated by the Washoe county Republicans for the office of District Attorney. Mr. Alexander is a strong man and will doubtless be elected, as he deserves to be. He has been prominently identified with many important reforms in the management of public business in Washoe county, and is always found on the side of the taxpayers. By extending his power for usefulness in an official way, the people of Washoe county will secure for themselves an able and conscientious servant, who will always have the welfare of the community at heart, and who will never falter in the discharge of his duty.

Mr. Watson's Death.

Joseph Watson, the well-known shoemaker, lately burned out in the Virginia street fire, died yesterday morning in his shop adjoining the Odd Fellows' building. Ever since the fire, the old man has been very despondent and about a week ago he was seized with an attack of pneumonia, the second he has had. Dr. Bergman attended the case but after six days of suffering, he expired at six o'clock yesterday morning. He was 68 years of age, a native of Burningham, England, and leaves a wife and three children. The latter, who are in California, will arrive on this morning's train to attend the funeral which takes place at 2 p. m., from the Episcopal Church, Rev. Mr. Jenvy, officiating.

A Good Joke on Uncle Tommy.

For many years past Uncle Tommy Freehill has been carrying sad havoc among female hearts, especially here in Reno, under the supposition that he was a lone bachelor. The whole thing exploded yesterday by the appearance of the following in the Enterprise quoted from the White Pine News: "Thomas Freehill's family came in last Saturday, all the way from old Ireland, and have gone to their ranch on Duck Creek." Uncle Tommy is obliged to keep his eyes extensively peeled ever since for irate maidens are terrible at pulling hair.

A Wonderful Vegetable Ranch.

J. A. Badlong and family have lately been sojourning in Reno, at the Lake House. Mr. Badlong is the proprietor of one of the largest vegetable gardens in the world, comprising 150 acres near Providence, R. I. As an instance of the extent a gardening business may be carried to, Mr. Badlong sold last year over twenty thousand dollars worth of lettuce alone. Such a ranch would be worth having.

The Interior Department, on the advice of a special commissioner, has decided to wall up the creek at Hot Springs, Ark., and construct an arched inclosure over it throughout the city, at a cost of \$140,000.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere.

A large and choice assortment of bird cages just received and for sale by Osburn & Shoemaker.
